

Soft Skills - Professional Effectiveness

Introductory support material created from the supplied 13-week training plan. It gives each week a clear session flow, outcomes and lightweight practice.

Week at a glance

Session	Focus	Expected outcome
Session 1	Corporate Orientation	Understand workplace expectations, professional conduct and how to navigate a corporate environment.
Session 2	Communication & Professional Etiquette	Practice clear written/verbal communication, meeting etiquette and professional interactions.
Session 3	Teamwork & Presentation Skills	Build collaboration habits and structure concise, audience-focused presentations.
Session 4	Time Management & Workplace Practices	Prioritize tasks, manage commitments and follow dependable workplace practices.

Session notes

Session 1: Corporate Orientation

Understand workplace expectations, professional conduct and how to navigate a corporate environment.

Quick check: Explain the idea in your own words and identify one practical place where it could be used.

Session 2: Communication & Professional Etiquette

Practice clear written/verbal communication, meeting etiquette and professional interactions.

Quick check: Explain the idea in your own words and identify one practical place where it could be used.

Session 3: Teamwork & Presentation Skills

Build collaboration habits and structure concise, audience-focused presentations.

Quick check: Explain the idea in your own words and identify one practical place where it could be used.

Session 4: Time Management & Workplace Practices

Prioritize tasks, manage commitments and follow dependable workplace practices.

Quick check: Explain the idea in your own words and identify one practical place where it could be used.

Practice and reflection

These are lightweight practice prompts for the onboarding prototype, not an official assessment.

1. Write five key terms from this week and explain each in one sentence.
2. Draw a simple flow showing how the main concepts connect.
3. List two questions you would ask the trainer before using these concepts in a real project.
4. Identify one practical example from a utility, software system, workplace process or assigned role.
5. Write an end-of-week summary: what you understood, what remains unclear, and what you want to practise next.

Completion checklist

- ☐ I attended/reviewed the planned sessions.
- ☐ I can explain the week's main concepts at a basic level.
- ☐ I completed at least one practice/reflection activity.
- ☐ I recorded questions or gaps for follow-up.
- ☐ I am ready to proceed to the next onboarding chapter.

Note: This is prototype support material. The supplied training plan remains the source for the official week/topic sequence; trainers may provide deeper or updated material.
